The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations,  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the San Antonio Water System Pumping Station generators in fiscal year 24. The entity to receive funding for this project is the San Antonio Water System, located at 2800 US Hwy 281 N, San Antonio Texas 78212. The funding would be used for placing back up generator across pumping stations in San Antonio and Tx-20. This project is an appropriate use of taxpayer funds because it will ensure that citizens in San Antonio do not lose access to water in an event of a water emergency.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Joaquin Castro  
Member of Congress
